

Wyssen USA, Inc.  
Boulder, CO

4. February 2020

## **Job Opening: Mountain Construction**

Wyssen USA Inc. is seeking qualified individuals to work on a construction team installing towers in the mountains for protective measures for avalanches. The work would be seasonal in the summer.

### **Project Description**

Wyssen USA Inc. will be installing 5 Wyssen Avalanche Towers near Rico, CO. The terrain is mountainous and rope access will be required at some of the sites. The work involves preparing the site by clearing soil and rock to create a flat spot. Then drilling boreholes for the anchors for the foundation. The anchor bars will be inserted into the boreholes and grouted in place. Then a concrete form must be constructed, and concrete poured. Finally, after the concrete has cured the towers must be mounted via helicopter.

## Company Description

Wyssen USA Inc. is the United States branch of Wyssen Avalanche Control AG (WAC), based out of Switzerland. WAC provides solutions and services to mitigate the impact of avalanches. Wyssen builds and installs a Remote Avalanche Control System (RACS) called the Wyssen Avalanche Tower. The Wyssen Tower has a vast effective range produced by a large explosive detonated above the snow cover and is a very effective tool for avalanche mitigation teams for entities such as highway departments and ski areas. We provide innovative solutions at the highest quality level, functionally, and safety along with professional consultation and uncompromising customer service. Our team consists of top qualified and highly motivated people who are fully committed to satisfying customer needs. ## Qualifications

An ideal candidate would have the following qualifications:

- ✓ Experience in construction
- ✓ Comfortable working in mountain conditions, rope access skills
- ✓ SPRAT/IRATA certified
- ✓ Experience with helicopters
- ✓ Strong work ethic and willingness to be a team player
- ✓ Ability to be a part of a dynamic and supportive team
- ✓ Experience building concrete forms and working with concrete
- ✓ Drilling experience
- ✓ EMT or Wilderness Medicine Training

We are looking candidates that would be a good fit at WysSEN USA, Inc. and a team member with the ability to learn and willingness to take on new tasks. Also, a team member with the desire to work with the company on future projects.

## Benefits of Working with WysSEN

- ✓ Work in a very interesting and niche industry
- ✓ Be part of a dedicated, supportive, and effective team
- ✓ Competitive wages and food/housing covered during work
- ✓ Potential for travel
